what employers tell us...

Employers

This is so needed. I'm so happy you've created this product.

HR Director,
Denver, CO

Employers

finally a financial benefit that that everyone can engage in...

Head of Company Culture, Boston, MA

Employers

We want to include benefits that are in line with our culture. It's important that our employees know that we care about them.

HR Director, Corona, CA

questions? moniwellteam@moniwell.com

when you feel better, you do better

building money confidence, reduce stress and anxiety first.
what follows is emotional engagement and intrinsic motivation to do better.

start with emotions, not solutions

to drive financial outcomes

Behavior change starts with how people feel about the change long before any change takes place.

how we do it

auto enroll - the secret sauce

more eyes on your solutions

90%

auto-enrolled employees still receiving texts after 12 months

68%

engaging with key benefits & resources

psychology first messaging

we've combined a focus on emotional well-being with our psychology first "nuggets and nudges" to skillfully steer employees towards your solutions - emotionally engaged & intrinsically motivated.
